Alpine[®]

Brand Insecticides

Achieve Peak Performance with Alpine Brand Insecticides

Alpine brand insecticides are built to meet the demands of your accounts and your business. The portfolio includes a full range of high-performance formulations, including water soluble granules, pressurized insecticides, foam, and baits, giving PMPs the confidence and versatility to handle a wide variety of pest challenges.

Whether treating residential, commercial, or other sensitive environments, Alpine brand products feature an EPA-designated Reduced Risk active ingredient and are designed to control pests at the source—helping PMPs confidently address even the toughest infestations and deliver consistent, reliable results each and every time.
