

The **Proper Use** of Termidor

Your responsible
application resource
for Termidor® products

About the Proper Use of Termidor

BASF Corporation, the manufacturer of Termidor® products, is committed to promoting responsible pesticide use. When a home or other structure is treated with Termidor, the homeowner or building manager can be confident that they are choosing a dependable formulation from a reliable manufacturer.

As a Pest Management Professional applying Termidor, you can do your part to ensure that you are fully informed about the proper use of the product.

This starts by completing the Termidor Certified training program developed by BASF for the proper application and use of Termidor products. Visit pestcontrol.basf.us to take the training.

The Label

Remember to always read the label carefully, and pay particular attention to the shaded stewardship box on the front panel of the label that highlights important information regarding proper use, including:

- Do not use indoors except according to label.
- Do not use on golf course turf.
- Do not use on animal trophies or animal skins.

See example of shaded stewardship box below:

[Decal]
