Alpine® WSG

Water Soluble Granule Insecticide

Peak Performance Starts with Alpine® WSG

Alpine WSG water soluble granule insecticide helps you get the job done right the first time, every time. It delivers proven, reliable performance to overcome tough pest challenges, reduce callbacks, and keeps your business running smoothly.

Alpine WSG is powered by a non-repellent active ingredient which is assigned Reduced Risk by the EPA and gets to the source of pest problems across customer accounts, including sensitive and challenging environments. Alpine WSG provides fast, effective control of active German cockroach infestations and proven, long-lasting performance against ants, bed bugs, flies, and many other pests.

Reliable Performance

High-quality formulation that works efficiently and effectively to help protect your bottom line.

Flexible Use

Broad-spectrum label and reduced-risk active ingredient provide excellent flexibility for both indoor and outdoor use.

Technician Friendly

Water soluble granules dissolve into a clear, odorless solution that won't stain surfaces or clog equipment.

Expert Support

Backed by decades of research and dedicated customer support to help protect your business.

Conquer Pests Where Others Can't

- **Flexible** for use in sensitive accounts, including **food-handling areas** where many traditional insecticides are limited
- Features a **non-repellent** formula that will not scatter pests and can be transferred by social insects
- Provides a **non-pyrethroid** option to help overcome insecticide resistance
- **Works as a standalone treatment or alongside baits and other control methods** as part of an integrated pest management (IPM) program

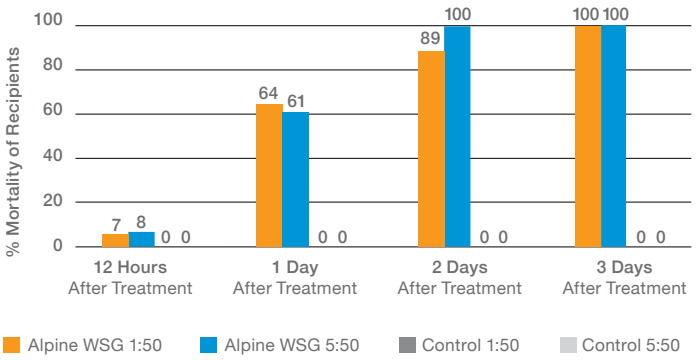
Alpine WSG is an integral part of the BASF Alpine brand portfolio of insecticides, which includes pressurized insecticides, foam, and baits for complete, effective pest control.

Alpine WSG 10g | Alpine WSG 200g | Alpine WSG 500g

Target Social Pests

Transfers a lethal dose of the active ingredient throughout social pest populations such as ants, extending control beyond treated areas and targeting the infestation at the source.

Alpine Transfer - Black Carpenter Ants
Average Percent Mortality of Recipients due to Transfer Effect with Alpine WSG (0.1%)*



1 donor to 50 recipients or 5 donors to 50 recipients

Alpine WSG label states 10g -20g for carpenter ant applications Dr. Buczkowski, Purdue, 2013
**Trial performed by Dr. Buczkowski, Purdue University, 2013*

Control Infestations Fast

Provides rapid knockdown and control of German cockroach infestations, delivering both immediate results and lasting confidence.

Knockdown & Mortality of German Cockroaches
After Direct Application of Alpine WSG
